

AUGUST® User Manual

CR150

Car MP3 Player & FM Transmitter with Card Reader/USB

User Manual

Thank you for purchasing this August product, please follow the instructions below to use the device.

-1-

1. To play MP3 music from a USB stick, MMC or SD card, insert the card or stick into the card reader or USB port. (Please note the transmitter supports up to 4GB memory cards or USB sticks.)
2. Plug the device into your car's cigarette lighter socket, the device will automatically turn on and start to play any MP3 music files stored on the card or stick.
3. The device's transmission frequency is shown on the LCD screen. Tune your car's radio to the matching frequency to start playback via the stereo.
4. To alter the transmission frequency, use the - / + buttons on the device or CH- / CH+ on the remote control. Changing frequency can help to improve signal quality.
5. The PREV, NEXT buttons can be used to skip forward and backwards through stored tracks and the PLAY/PAUSE button pauses and resumes playback.

-2-

6. To set the volume, press and hold PREV or NEXT on the device or use the volume buttons on the remote control.

7. To change EQ settings press the EQ button on the remote to cycle through: NORMAL, POP, ROCK, JAZZ, CLASSIC, and COUNTRY.

8. To select a specific song, type in the number of the track you would like to play. For example: pressing number "2" will start playback of the second song.

9. Pressing and holding the PLAY/PAUSE button switches the playback mode between: Single (repeats the current track continuously), Random (plays all tracks in a random order) Folder (repeats all tracks in the current folder) and All (plays all tracks alphabetically).

-3-
