

## USB Freeview TV Receiver & Recorder – Windows 7/Vista/XP Compatible (DVB-T205)

This newly launched August USB Freeview TV Receiver enables you to watch over 40 free digital TV channels, listen to over 20 digital radio stations on your computer, and record your favourite TV programmes on your hard drive then burn it onto a DVD. It offers real-time, scheduled and time-shift TV recording and supports video formats MPEG1/2/4 and H.264. It comes with gift-box packaging, a RF remote control, USB cable, user manual and a mini antenna with magnetic base and smooth surface suction base.

It is a Plug & Play device automatically powered by USB port with stylish and lightweight design with dimensions 69x20x14 mm and weight 14g. The device comes with ArcSoft TotalMedia application software and is Windows 7 / Vista / XP.

### 4-Star Rating by What Video & Hi-Def TV (Issue 350)
