

4.3" Touch-screen Freeview TV Recorder/ Media Player with Built-in GPS Sat Nav (DG400)

The stylish August DG400 is the first of its kind. It offers digital Freeview TV reception on the move and supports recording TV to the internal 2GB memory. With an integrated card reader, it also plays video, music, photos in most of the popular formats AVI, WMV, MPG, ASF, MP3, WMA, JPEG, BMP etc. directly from SD/MMC memory cards.

It can also transmit sound to an external FM Hi Fi system, so you can enjoy quality music in-car on the move or at home.

The device also has GPS navigation built-in and is supplied with UK and Ireland map. Super sleek and great looking the DG400 is an ideal handheld entertainment centre for every one.

***Selected by Olympic Broadcasting Services to use at the
2010 Winter Olympics Games in Vancouver***
