

AUGUST 9.2" Freeview & Analogue LCD TV (DA920A)

August has launched a 9.2" portable LCD TV with both an analogue and Freeview tuner, which enables you to watch over 30 channels without the need to buy an external Freeview box. A smart and lightweight design, it can be used in a wide number of applications, from operating as a portable TV around the house to entertaining children on holidays. Optional external battery box is also available.

Main Features:

- Analogue tuner for the popular 5 TV channels
- Digital tuner for over 30 Freeview channels
- All digital radio stations
- 9.2" TFT 16:9 LCD display panel, resolution 800 x 480
- Brightness: 300 cd/m²
- Contrast: 150:1
- Display aspects 16:9
- Supports PAL & SECAM
- Meets DVB-T & MPEG-2 standard
- Auto program search
- Can store up to 1000 channels
- Support EPG & PIG, subtitles
- Multi-language OSD
- Power supply from mains & car adaptors
- Can be powered from an optional external battery box
- Dimension 259x175x47 mm, Weight: 1.1Kg

- AC power adaptor
- Car adaptor (12-24v)
- Flip-out stand on the back
- Stand / mounting bracket
- Portable antenna with magnetic base
- Remote control with battery
- AV cable
- User's manual

Please note the included portable antenna may only be used in areas where Freeview signal is very strong. There may be difficulties in receiving TV signal with the portable antenna in some regions at present, this is due to the fact that Freeview service (www.freeview.co.uk) is yet to operate in full power in the UK. The government aims to achieve a full switchover by 2012, which will occur in stages, region by region between 2008 and 2012, at present the quality of the Freeview reception varies in different regions across the UK.
